How to embed Lecturio Content in Blackboard

The following instructions provide the steps to deep-link Lecturio content in O'Learn. The process to deep-link a Lecturio Video Course, Qbank test or Concept Page follows all the same steps.

Please note that the progress in the video course will not be reflected in O'Learn grade book. If you want to have the content graded, please deep-link the Lecturio video course in a O'Learn assignment.

1. Please click on the plus symbol ("+") to deep-link the video course in the **O'Learn Course Content** page and select "**Create**":
