

CURRICULUM VITAE

1. **Name Surname:** N. Enver ÜLGER

2. **Date of Birth:** 1953

3. **Department:** Prof. Dr.

4. **Education:**

Degree	Department	University	Year
Bachelor	Surveying and Cadastral Engineering	Istanbul State Engineering and Architecture Academy	1976
Master	Geodesy and Photogrametry Engineering	Yıldız University	1983
Ph.D.	Geodesy and Photogrametry Engineering	Yıldız Technical University	1988

5. **Academic Titles:**

Title	Discipline	University	Year
Assistant Professor	Geodesy and Photogrametry Engineering	Yıldız Technical University	1988-1999
Associate Professor	Geodesy and Photogrametry Engineering	Yıldız Technical University	1999-2002
Associate Professor	Mining Eng. Dept.	Istanbul University	2002-2006
Full Professor	Geomatic Engineering	Okan University	2009-Continues

6. **Supervised Master and Ph.D. Thesis**

6.1 **Title of Master Thesis**

DUBAN, A., "Research on Concentration of Colemanite Ores Containing Arsenic Minerals In Emet Region", I.U., F.B.E., Istanbul, 2004.

ERTÜRK, V. E., "A Study on Formation of Bentonite Information System In Marmara Region", I.U., F.B.E., Istanbul, 2006.

6.2 **Dissertation Title:**

DOĞAN, T., Utility of Geographical Information System (GIS) In Production Planning of Open Mines, I.U., F.B.E., Istanbul, 2006.

AKKAYA, U.G., The Development of A Dynamic Expert System Based on Geographic Information System for Rock Excavation by Blasting, Istanbul University, Institute of Science, Istanbul, (Continue).

7) Publications

7.1 International Refereed Journal Publications

ÜLGER, N. E., DEMIR, H. (1997)"Baulandumlegungsalternative auf den bauwidrig und ohne Genehmigung, bebauten Gebieten“ 25. International Symposium, Land Use Policy For Specific Applications 26-28 May Hungary.

8. Projects

Forschungsbericht über Untersuchungen zur Erstellung Eines Raumbezogenes Datenbankübergreifenden Informations – Systems, in Mainz, Wien, **Project Owner**, 1991.

“Research On Design of Activities for Formation and Execution of A System of Technical Infrastructure In Istanbul”, TUBITAK, Project No: MAG 17, **Project Owner**, 1988.

Formation of Terrestrial-Land Information System Based on Database, TUBITAK, Project No: EEAG – 18, **Project Owner**, 1995.

Formation of Mining Information System In Marmara Region As A Component of Mining Information System, Istanbul University Secretariat of Scientific Research Projects, Project No: 172/15012004, **Project Owner**, 2006.

9. Administrative Tasks:

Head of Department Okan University Geomatic Engineering Department
2009-Continues

Project Executor Urban Regeneration and Applications Group of
Istanbul Metropolitan Planning and Urban Design
Center
2005- Continues

Deputy of Department Y.T.U. Geodesy and Photogrametry Engineering
Department
1993-1995

10. Academic/Professional Memberships:

MEMBERSHIP PERIOD	TYPE OF MEMBERSHIP	ASSOCIATION
1977 – Continues	Full member	TMMOB Chamber of Surveying Engineers
2003 – Continues	Full member	Society of Explosives Engineering

11. Awards
